Yahoo Music's "List of the Day," which is always fun to read, posted this today that caught my eye, "25 Worst Rappers of All-Time." I wasn't interested because I like rap—I don't—I just wanted to see if those twenty-somethings over at Yahoo had this one on the list...Nope.

So here's my #26, Wham! Rap! I am begging you to watch it...please!

"Reach up high and touch your soul"...so street.
