

Alive in Wonderland on “Funny or Die”

I have my very own channel on Funny or Die. You can go to “Alive in Wonderland” simply by clicking here. It is listed under the channel “Clean” because I shower daily and keep it, well, clean.

I have added two of my videos so far: “Driving the freeways of LA”, and “The hidden theme of Legoland.”

The way the site works is, you watch the video and at the end you vote “Funny” (you loved it, you’re in stitches, did a spit-take) or “Die” (not funny, your bosses video on office safety was funnier, that’s four minutes I will never get back again).

This is my favorite video on playing on “Funny or Die” right now: Ron Burgundy (Will Ferrell) interviewing Tom Brokaw. “Me likie”
