

Put a bow on it! Hosting a baby shower for Monica

One fun part about being editor of OC Family magazine is I'm offered the opportunity to work with some of the most inspirational, talented women in Orange County.

One such person is our Art Director, Monica Garrett. I was lucky enough to host her baby shower at my home AND work with designer Lindye Galloway on the design of the shower. The results were a wonderful feature story in the April issue of OC Family magazine.

Some of my favorite photos didn't make it into the story, but thought I'd give a peek here on my blog. All the photos were taken by the uber talented Ryan Haack.

We handmade the tassels for the large round balloons. I bought a six-pack of the balloons at Party City and then we cut the tassels and tied them to the strings. They turned out perfect!
