

Some Mommy Links

I don't consider my blog a "mommy" blog, but here are some links to good ones that I read. I don't care for the ones about how to get Sharpie stains out of the couch or how to make organic Mac & Cheese. I like the ones that are right there with you, in the trenches and tell the truth about it.

[suburban Bliss](#)

[Mommy Needs A Cocktail](#)

[Mom to the screaming masses](#)

[Kerflop](#)

Enjoy, and don't burn your families dinner while engrossed in reading.
