

Wishing you warm memories of your mom

All day I've been thinking about my friends who have lost their moms. It seems as the years go by more of us have to say good-bye to our parents.

Tomorrow I wish everyone warm memories of their mom if they can't be with her.

If you are a mom, I wish you a Happy Mother's Day. Enjoy every minute.

Neil Finn's "She Goes On" from A Concert For Linda.

Finn wrote this song for his friend after his mom had passed away.

Paul McCartney has called Neil Finn the best song writer alive and asked him to sing "She goes on" as tribute to his wife, Linda. If you've never heard it before, take a listen—it's simply beautiful.

He's signing with Sinead O'Connor.
